Dear Readers,

Welcome to the June 2023 Issue of the WTCA's "Around the WTCA Network" monthly e-newsletter featuring Member-submitted stories with updates on what is happening around the globe, upcoming events and WTCA Member anniversaries being celebrated.

A few exciting updates from the WTCA team:

- **Recap of the 2023 WTCA General Assembly**
 - Over the span of five days, over 350 attendees across 40 countries and 68 World Trade Center businesses gathered to learn about the business opportunities in Ghana and throughout Africa and to forge new global business connections. WTCA Members can access presentations and videos shared during the GA [here](#). *Note: WTCA Plenary session files are only available to WTCA Members and will require users to log in.* We're also pleased to share a [highlights reel of the 2023 WTCA General Assembly](#). Photos can be found in our [online photo gallery here](#), and the GA press release can be found in our [press room here](#)
 - **Testimonials from GA attendees:**
 - "The 2023 WTCA GA was truly a transformative experience for the business delegates who attended from Nigeria. Attendees were impressed with the thoughtfully-planned and expertly-executed event, which provided valuable opportunities to connect with business leaders from around the world. They also learned about emerging trends and best practices in international trade,

sharing insights and experiences with peers from diverse backgrounds and industries. Overall, they were thrilled to identify with the WTCA brand and learn about its global network, allowing them to position themselves to take advantage of the platform through networking and B2B meetings at this year's GA," said Wura Onigbogi, Trade Service Manager, WTC Abuja.

- "The past three years with COVID-19 have been very difficult – we were thankful for being in-person again at this year's GA, which provided a platform to connect and conduct B2B networking with our fellow WTC colleagues and their business networks. Throughout the GA, I saw that there are a lot of opportunities in the continent of Africa – it is the last continent to develop and I believe it can leverage what has been done in other regions to advance, for example via technology. However, more information is still needed about the investment opportunities throughout Africa for foreign investors to fully support and invest in the region," said Christina Shen, President, WTC Shenyang.
